sub domains and technologies

The screenshot shows a browser window with the URL `binance.us`. A prominent yellow banner at the top states: "Binance.US is unavailable in your country or region. As a result, it operates independently from Binance.com. Find instructions on how to proceed." Below the banner is a button labeled "Visit Binance.com". The main content area features the Binance logo and navigation links for "Buy Crypto", "Prices", "Trade", and "Earn". A large, bold headline reads "Buy, sell & trade crypto". Below this, a sub-headline says "Securely buy Bitcoin and 190+ assets on the best crypto platform for low fees and high rewards." To the right of the main content, a sidebar displays a detailed list of the technologies used in the website's development, categorized into sections such as Analytics, Development, Live chat, CRM, Issue trackers, JavaScript libraries, Miscellaneous, PaaS, CDN, and Cookie compliance. Each entry includes a small icon, the name of the technology, and its version number where applicable.

The screenshot shows a browser window displaying the binance.charity website. The page features a large yellow circular logo with a white diamond pattern. To the right of the logo, the text "We Change Lives" is partially visible. Below the logo, there's a section with the text "We are Binance Charity where We Change Lives". The top navigation bar includes links for "Mission" and "Commitments". On the right side of the page, a sidebar titled "TECHNOLOGIES" lists various technologies used in the website, each accompanied by a small icon:
